SALES TAX ONLY PRACTICAL MEANS OF RAISING MONEY FOR BONUS, HARDING'S VIEW

WASHINGTON, Feb. 16.—(By Associated Press.)—President Harding informed congress today he considered a general sales tax the only feasible method of raising funds for a soldier bonus.

The executive in a letter addressed to Chairman Fordney, of the house ways and means committee, suggested that unless congress saw fit to enact a sales tax, passage of bonus legislation should be temporarily postponed.

"I believe," the president wrote, "the American people will accept the levy of a general sales tax to meet the proposed bonus payments and we should contribute thereby no additional difficulties to the problems of readjustment. If congress will not adopt such a plan it would be wise to let the legislation go over until there is a situation which will justify the large outlay."

Declaring that the government had under consideration the disposition of surplus war properties and other transactions which should bring "great relief" to the treasury, the president said it would be wise to let the legislation go over if congress did not deem it advisable to adopt the sales tax.

The president's letter was regarded generally at the capitol as leaving the bonus situation even more complicated than before. Senate and house committees were to meet late in the day to receive and consider the White House communication.

When the sales tax was discussed in the subcommittee's last meeting last week, it was understood that senators were informed that less than 100 Republican votes in the house could be mustered for a sales tax as a method of financing the adjusted compensation. Such a tax had been considered by house leaders as a possibility, but virtually has been abandoned.

The text of the president's letter, which was addressed to Chairman Fordney, of the house ways and means committee, follows:

"In accordance with the promise made to yourself and your assistants on the senate and house committees, charged with the responsibility of formulating proposed bonus legislation, I have carefully looked into the program of taxation which has been suggested. In addition hereto, I have made inquiry into the feasibility of issuing either short time treasury notes or long time bonds to meet the financial obligations which the proposed legislation will impose. It is not possible to commit to you either of the plans suggested.

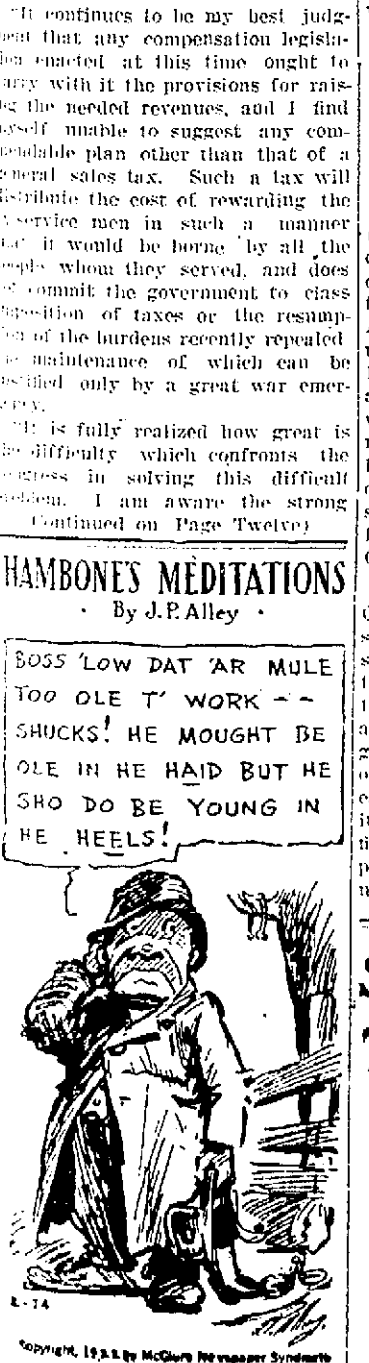

"It continues to be my best judgment that any compensation legislation enacted at this time ought to carry with it the provisions for raising the needed revenues, and I find myself unable to suggest any commendable plan other than that of a general sales tax. Such a tax will distribute the cost of rewarding the service men in such a manner that it would be borne by all the people whom they served, and does not commit the government to class legislation or taxes or the resumption of the burdens recently repeated in the maintenance of which can be justified only by a great war emergency.

"It is fully realized how great is the difficulty which confronts the congress in solving this difficult problem. I am aware the strong

BUSINESS CONDITIONS IN COUNTRY BETTER

WASHINGTON, Feb. 16.—(By Associated Press.)—Business conditions throughout the country are better than they were a year ago, in the view of treasury officials, who declared, however, that the improvement has been gradual and there was no immediate prospect of a sudden pick-up in business activities. Some seasonal activity might be looked for in the spring, they asserted, but in general only gradual betterment was to be looked for.

Wage Scale Proposed By Miners Would Menace The Fields Of Southern Ohio

COLUMBUS, O., February 16.—(By the Associated Press.)—Adoption of the mining scale and working conditions proposed by the scale committee of the United Mine Workers of America for consideration of the miners' convention now meeting at Indianapolis, if adopted by the operators and miners of southern Ohio, will mean an economic disaster, it was declared today by W. D. McKinney, secretary of the Southern Ohio Coal Exchange.

"The operators of the Southern Ohio have no control over the wage scale which they must pay," the statement set forth. "The public, in the final analysis, is the tribunal that must fix wages. Southern Ohio and the markets it serves form the gateway through which all the coals of West Virginia, Kentucky and Tennessee must pass and the public takes its choice of the products of these fields in the passing and will not purchase coal mined in southern Ohio unless this coal meets the competitive

RICKARD INDICTED FOR ASSAULT ON GIRLS

NEW YORK, Feb. 16.—(By Associated Press.)—Rex Rickard, fight promoter, today was indicted for criminal assault on two minor girls, by the supreme court grand jury.

Two indictments were returned, one charging abduction and criminal assault upon Alice Ruck, and the other alleging similar misconduct with Sarah Schoenfeld. Both girls are 15 years old. Rickard appeared before Justice Wesservogel and pleaded not guilty to both indictments. He was held in \$10,000 bail, the present bail being continued to cover both indictments.

Rickard declined to comment on a report that he had resigned as president of the Madison Square Garden Corporation, and that John Ringling would succeed him.

Fake Telegrams Sent To The President

PHILADELPHIA, Pa., February 16.—(By the Associated Press.)—The sending of many fake telegrams and letters to President Harding from Pennsylvania has caused W. Harry Baker, secretary of the Republican state committee, to seek an investigation by the federal district attorney.

Mr. Baker revealed today that fraudulent telegrams had been sent to the president, purporting to endorse the candidacy of J. C. Overton, negro head waiter at a West Philadelphia hotel, for appointment as register of the United States treasury. The telegrams bore the names of Mrs. George Wharton Pepper, wife of Senator Pepper, Mrs. John W. Wanneraker III, Mrs. Baker and others. Baker said that none of the persons whose names were signed to the telegrams knew anything about them.

Mrs. Wanneraker said she had received a letter from George S. Christian, secretary to President Harding, in which he acknowledged the receipt of an endorsement from her for Overton and also of a joint telegram from her, Mrs. Pepper, and Mrs. Charles S. Brown, of Philadelphia, endorsing the negro.

Mr. Baker recalled that recently similar telegrams were sent to the president and Senator Pepper asking that appointment of a state prohibition director be deferred.

Central Figure At Own Inquest

MONTREAL, February 16.—(By the Associated Press.)—Jeremia Belliveau enjoys the distinction of having been the central figure at his own inquest. The jury decided he was alive.

Six months ago a body found in the Lachine canal was identified as that of Belliveau, who had been missing from his home. A coroner's jury found a verdict of accidental death, and in time Madame Belliveau made plans to re-marry. Then Belliveau made a re-arrangement of plans necessary by coming back.

The coroner was called upon once more, this time to state what was to be done about the living. Belliveau explained that he had been unlawfully detained in jail for six months.

BANKRUPTCY PETITION FILED
NEW YORK, February 16.—(By the Associated Press.)—An involuntary petition in bankruptcy was filed in federal court yesterday against Anderson-Brown & Company, stock brokers, it was learned today. The company is not a member of the local exchanges. Claims presented on behalf of three creditors totaled \$1,285.

age of 22.8 per cent of the time.

The ultimatum addressed by the United Mine Workers to the operators is, in reality, addressed to the consumers of coal, for it is the consumers, in the final analysis, that fix the wages that will be paid in any industry.

The Southern Ohio operators can not sell the product of the miners in the open market under the present wage scale. The public will not pay the price and the mines are idle. Steady employment is of more value and steady employment at a proper economic wage is more desirable than high wages and part time. No wage has a proper basis when it contemplates that half of the workers employed thereunder are to be in idleness one-half the time."

Soldiers Massed For Border Emergency

Outbreak In Juarez Removed

EL PASO, TEXAS, February 16.—(By the Associated Press.)—Five thousand troops at Fort Bliss were being held today ready for any emergency which might arise along the border. They were mobilized last night when rumors were scattered in Juarez and El Paso that three thousand men were assembling in the hills south of Juarez and that the Juarez garrison was expected to "revolt."

Juarez military and civilian officials strongly denied each report, but admitted they are aware that revolutionists are trying to recruit men in Chihuahua.

Flees Bandits By Jumping From Window

BUFFALO, N. Y., Feb. 16.—(By Associated Press.)—Early this morning Patrolman Schmelzer saw a man drop from a second story window of a place on William street. The officer grabbed him.

"Bandits!" gasped his prisoner. "They are holding up a whole roomful of men upstairs."

After sending in an emergency call the officer ran into the building. In a large room on the second floor where games had been in progress, he found about fifty men lined up against the wall, two men cowering them with revolvers and two others going through their pockets.

Schmelzer yelled to the hold-up men to throw up their hands. They submitted and were disarmed by the men they had been robbing.

Police reinforcements, responding to Patrolman Schmelzer's emergency call, captured two automobiles and their drivers half a block from the building where the hold-up occurred. Both were stolen cars and it is believed the drivers were confederates of the four hold-up men.

The police have the task of finding rightful owners of about \$3,000 in cash gathered up by the bandits before they were interrupted.

David Harum Hotel Raided By Dry Sleuths

HOMER, N. Y., February 16.—(By the Associated Press.)—The David Harum Hotel here, where the original of the character in the famous novel made many of his "honest" trades, has been raided by Izzy Epstein and Moe Smith, federal prohibition agents, with headquarters in New York City, who have gained much newspaper attention by their disguises.

Posing as cigar salesman, they struck up a friendship with the hotel keeper and were shown around the place. And then, on the door to a rear room, Izzy says he spied a sign reading "Quarantine."

He and Moe say they were told not to go in because there was a patient with influenza inside, but in they went, nevertheless, and found liquor. The proprietor was arrested.

Home Brew Competition Getting Strong

TORONTO, February 16.—(By the Associated Press.)—Local brewers have asked the government for protection against the home made beverage. Many men employed by beer manufacturers have been laid off recently because of home brew competition.

Under Ontario law, beer with an alcoholic content of two and one-half per cent is regarded as "temperance beer" and licenses for the manufacture of this beverage are issued to breweries. A householder also may obtain a permit to make thirty gallons of beer for each member of his family.

The brewers complain that their product can not compete with home-made beer of unlimited alcoholic content.

CLEVELAND.—Ellis Goldberg, said to have swindled Michigan farmers out of approximately \$70,000 in an alleged stock promotion, was arrested here at the request of Romeo, Mich., police.

A receiver for Raymond J. Bischoff, 25, has been appointed by Judge Landis. The court declared that 3500 investors in Bischoff's enterprises would receive ten cents on the dollar for their investments, which totaled more than \$8,000,000.

Bank Of England Cuts Rate

LONDON, February 16.—(By the Associated Press.)—The Bank of England today reduced its rate of discount to four and one-half per cent.

The reduction of the bank rate was primarily made possible by the recent large reduction in the government's floating debt and currency circulation, which contributed to the plethora of funds in the money market permitting the placing of treasury bills at a lower rate and the suspension of the five per cent bond issue.

The discount rate of the Bank of England has been five per cent since November 3, last, when it was reduced from the five and one-half per cent rate, established on the preceding July 21. Today's action was forecast in a London dispatch last night, in which it was pointed out that the treasury had suspended temporarily its issue of five per cent treasury bonds.

The highest rate was reached in August, 1914, after the outbreak of the world war, when it was set at ten per cent, which had only been equalled on two previous occasions, those of the panics of 1857 and 1896. Since then the rate has fluctuated, but the figure set today is the lowest since the outbreak of the war.

Wagon Load Of Half Dollars As Bail

OAKLAND, CAL., February 16.—(By the Associated Press.)—An express wagon load of silver half dollars, \$2,000 worth of them, was brought to the Oakland police station by George Bruno, manager of an Italian bank, to provide bail money for Lorenzo Guisti, under arrest today on a charge of failing to render assistance to a woman who had been run down by his automobile. Bruno, in explanation of the half dollars, said all other money in the bank was locked in a safe vault.

Two police officers were several hours counting the half dollars and Guisti was not freed until they completed their task.

RECEIVERS ASKED FOR SECTION N MEN'S UNION

TOLEDO, O., February 16.—(By the Associated Press.)—Appointment of a receiver for the United Brotherhood of Maintenance of Way Employers and Railway Shop Laborers is asked in a petition filed in federal court here late yesterday by the Bacon Brothers Company, of Toledo, through their attorneys, Tracy, Chapman & Welles, it became known today.

The petition asks that the receiver take possession of all property of the brotherhood within the jurisdiction of this court, including all money on deposit in the Brotherhood of Locomotive Engineers' Co-operative National Bank of Cleveland, and that a temporary restraining order be issued enjoining E. Frank Grable, individually and a president of the brotherhood, and all other officers, from withdrawing, transferring, assigning or encumbering any of the funds of the brotherhood on deposit in the Cleveland bank.

The restraining order was issued by Judge Killis, who ordered the defendants in the case to appear before him February 24 to show cause why a receiver should not be appointed. The application is an amendment and a supplement to the original bill of complaint in which several hundred thousands of dollars of damages for breach of contract are asked by the Bacon Brothers Company.

Scores Atty. Gen. Daugherty; Says He Is Being Inspired By The Mail Order Houses

CHICAGO, February 16.—(By the Associated Press.)—H. E. Hart, of Long Prairie, Minn., speaking before the Interstate Merchants' Council here today, said that there seemed to be only one class of merchandise distributors that have had "a good standing with either the Democratic or Republican administration and those are the mail order houses. He charged that Attorney General Daugherty is ignorant of true conditions and is inspired by mail order houses.

"What would it be worth to the mail order interests to have the public educated by the attorney generals and the radical newspapers to believe that every time they made a purchase at a retail store they were being held up and robbed? It would mean millions of extra trade for the mail order concerns," Mr. Hart said.

"Who is this man Daugherty? Where did he come from? He must have been reading a back number of the paper published in his old home town during the war. He thinks the same prices are in effect."

"I believe President Harding, much as I like him, made a mistake in choosing this man as attorney general, because a lawyer is supposed to know the law and law is founded on common sense and justice, both of which seem to be lacking in Daugherty. Mr. Daugherty, I believe, is one of three things: You are either playing into the hands of the mail order interests, are playing cheap politics or are ignorant of true conditions. I am going to be charitable and say that the latter is the case. And you can find the truth by looking over the income tax returns filed by merchants from all parts of the United States."

Nesbit Heads Financial Committee
WASHINGTON.—Cordell Hull, chairman of national Democratic committee, announced the appointment of Harrison Nesbit, president of the Bank of Pittsburgh, as chairman of the finance committee of the national committee.

Troops Guard Court House While Officers Serve Warrants

NEWPORT, KY., February 16.—(By the Associated Press.)—Four hundred guardsmen surrounded the court house in this city today while several of their officers, vested with the necessary authority by federal officials, served United States warrants on one city official and two county officers. The warrants charge conspiracy to violate a United States law and related to the prohibition amendment.

Warrants for three others were expected to be served later in the day. Those accused in the warrants are Joseph B. Herrmann, mayor of Newport.

Frank Bregel, chief of police of Newport.

Conrad Matz, county attorney of Campbell county.

Edward Hamilton, county detective.

John Sheeran and Charles Bullitt, county patrolmen.

Mayor Herrmann was arrested as he was about to enter the federal building in Cornington to surrender himself to Commissioner Roetken.

The warrants were issued at the instigation of United States District Attorney Sawyer Smith, who personally appeared before United States Commissioner Oscar Roetken. After their issuance they were sent to Colonel H. H. Denhardt, in command of the state troops, who had been co-operating with the federal officials in the "dry" clean-up of Newport as a chapter of the strike at the Newport mill.

All last night troops were on duty, some conducting raids on suspected places, others stationed at the bridges or on roads leading to Newport, searching automobiles and other vehicles for liquor. Many Cincinnati automobile parties were stopped at the Newport end of the bridges connecting the two cities.

Colonel Denhardt reported that many abandoned whiskey stills were found in alleys in Newport, their owners having decided to get rid of them before they were discovered.

Delay For Genoa Parley

LONDON, Feb. 16.—(By Associated Press.)—The probability of a delay of three weeks in the opening of the Genoa economic conference was conceded in British official circles today. This was the first intimation in such circles that the French were likely to win their contention that it was impossible to start the conference on the date originally chosen, March 8th.

SOCIETY

All members of the Second Presbyterian church choir are requested to meet for practice tomorrow evening at the church. The pastor's choir will meet at 6:30 o'clock and the senior choir at 7:15 o'clock. Miss Anna Cramer, the organist and choir director, is especially anxious that all singers be present.

At the called meeting of missionary women at the First Baptist church, Gallia and Waller streets yesterday afternoon, plans were formed for the all day of prayer for missions. The meeting was called to order by Mrs. Howard Sellards, who acted as president, and Mrs. H. A. Wright, who acted as secretary. The all day of prayer will be held at the United Brethren church on March third, beginning at nine o'clock in the morning and continuing until four o'clock in the afternoon. The ladies will bring their own lunch, coffee to be served at the church. In the evening, from 7:30 until nine o'clock a program for the young people will be conducted. All churches of every denomination will be included in these services.

The committee in charge consists of Mrs. Howard Sellards, Mrs. J. R. Mackey, Mrs. William Hancey and Mrs. H. A. Wright.

Members of Bigelow choir will meet this evening at seven o'clock, for practice. It is important that every member be present as the entire program for the musical to be given in the church on Friday evening, the 21st, will be rehearsed. The date of the musical has been changed from Thursday evening to Friday evening, February 21st.

The Peerless Auxiliary and Peerless Camp of Spanish American War Veterans will hold an important business meeting tomorrow evening at the library. Every member is urged to be present, as matters of importance will come up for discussion.

Handsome window cards announcing the concert to be given in Bigelow church tomorrow evening by the Adams sisters are on display in the various store windows. The concert is given under the auspices of the Children's Mission Band of Bigelow church and promises to be one of the most enjoyable of its kind ever given in this city. By request Miss Lucy Adams will recite "Hiawatha's Wooing." Miss Adams gives a perfect rendition of the poem, bringing out the sweet pathos of the words. Miss Sara Adams will also give an extra number in addition to the several sacred songs which they will render. No admission will be charged for the concert, but a silver offering will be taken up for the benefit of the Children's Mission Band.

Mrs. William Brundel, who has been ill for the past few days at her home, 1221 Second street, is improving.

The Kinkfoks' Club will hold an all day meeting tomorrow at the home of Mrs. A. K. Wheeler on Eighth street.

Owing to the serious illness of Miss Agnes Bailey, daughter of Rev. T. H. Bailey, the Valentine social which was to be held in the basement of the church this evening by the Busy Bee class, has been postponed until a later date.

Mrs. Bertha Engelhardt will receive her dancing class in the K. of P. hall, corner of Fourth and Washington streets, tomorrow evening at 7:30 o'clock. Every member is urged to be present.

Mrs. William McCurdy's Sunday school class of Trinity church will hold a bike ride Saturday, beginning at ten o'clock, at Anderson's store.

The K. K. K. Girls of the First Christian church will give a taffy pull at the home of Dorothy Hughes, 215 Office street, Friday evening at 7:30 o'clock. Each one is requested to bring a pound of sugar.

Mr. and Mrs. Elmer Nardi delighted fully entertained a number of friends last evening at their attractive home, 1553 Sixth street, in honor of the eighth wedding anniversary of Mr. and Mrs. Frank Sodaro. The rooms were beautifully decorated in red hearts, cupid and other valentine novelties and the evening was spent in dancing and playing Five Hundred. Music for the dancing was furnished by Katb's Orchestra. At the close of the evening's festivities the hostess assisted by Mrs. R. C. Reno and Mrs. Martin McMahon served a dainty tea course. The favors, too, were American flags.

Those present were: Dr. and Mrs. Joseph Gill, Mr. and Mrs. R. C. Reno, Mr. and Mrs. W. B. Schlyer, Mr. and Mrs. Martin McMahon, Mr. and Mrs. Edward Westphal, Mr. and Mrs. Louis Schlotfeld, Mr. and Mrs. Denver Lister, Mr. and Mrs. Harry Johnson, Mr. and Mrs. Max Caskey, Mr. and Mrs. Charles Spratt, Mr. and Mrs. Frank Scott, Mr. and Mrs. Elmer Nardi and Mr. and Mrs. Frank Sodaro. The honor guests received many beautiful and useful presents.

Search For Alleged Defrauder

CHICAGO, February 16.—(By the Associated Press)—The police were awaiting word from Palm Beach, Florida, today in their search for Leslie Harrington, missing head of one of three concerns here, said to have defrauded foreign-born citizens of many million dollars. A woman said by the police to be Harrington's wife, was located at Palm Beach and is being kept under surveillance. Federal authorities think Harrington is en route to join her there.

Harrington fled Chicago Saturday after the arrest of Raymond J. Bischoff for operations in which he is said by the police to have lost \$1,500,000 invested with him by six thousand foreign-born stockyard workers. Harrington has debts amounting to at least that figure, according to federal investigators.

ARRESTED BY SPECIAL CONSTABLES
BELFAST, Feb. 16.—(By the Associated Press)—Zenas Monahan, local commandant of the Irish republican army, and two other republican officers, Patrick and Michael Murney, have been arrested at Newry by Ulster special constables.

The officers were proceeding from Killeel, County Down, in the direction of Killoven, when captured. They were taken to Lisnacree where they were searched and afterwards were conveyed to the Newry military barracks under heavy escort.

The Murneys are brothers of P. Murney, chairman of the Killeel board of guardians.

It is stated that an automatic pistol was found in the possession of Monahan and sedition literature in the pockets of the two Murneys. Subsequently, John McDowell and Richard Down were arrested by other special constables near the Silent Valley reservoir, the source of Belfast's water supply.

No healthier family than the DeYongs can be found in Paterson. Just recently Mr. DeYoung said, "About eight years ago I had a very bad cold and nothing gave me relief until I took Father John's Medicine. I have four children and when they have a cold we give them Father John's Medicine and it helps them right away. Last year I did not have a doctor for any of us." (Signed) Tied De Young, 50 21st Avenue, Paterson, N. J.

Father John's Medicine is called the greatest body builder because it is all pure food which builds new flesh and strength.

He Is Satisfied

BOSTON, Feb. 16.—John "Stuffy" McInnis, premier first baseman of the American League, has agreed to his transfer from Boston to Cleveland, and expects to go south with the Indians next week. His contract with the Red Sox, which had another year to run, stipulated that he was not to be traded without his consent. After several conferences with President Frazee, of the Boston club, McInnis today expressed himself as satisfied with his transfer.

Up To The Selects

And now comes the South Webster Selects, a basketball team that was handed a 31 to 13 defeat by Bacon's Selects Tuesday night at Webster, and claims that the Selects did not take things easy as they claim and along with the dispute of that claim here a challenge at the Selects for another game. The following letter is self explanatory:

Sporting Editor Daily Times:

The much touted Selects of Portsmouth got a big surprise at the hands of the South Webster Selects Tuesday evening. Though they defeated the South Webster five the latter was not out-classed by any means. The management of the Portsmouth five started in the Sun, that they shot baskets at will and that their flashy teamwork took the South Webster five off their feet. As to this the Selects got every point they could possibly get and we wish to state that they had to put forth every ounce of energy to get what they did. We also wish to state that we will put up a 100 to 1 bet that the South Webster five with two weeks practice on our floor could hold the Selects to a score that would not exceed 10 points more than the South Webster Selects would make. We also wish to say that we played the Portsmouth team a good clean game and fought all the way through, but with a good practice we can hold the Selects to the score as stated above. The Selects came with the intention of getting roughed up, as they had the nerve to ask for permission to use their own referees. The real feature of the game was the close guarding of Strull, who held Edwards to one measly basket. This feat has never been accomplished before by any one.

SOCIETY

The Ladies' Aid Society of Manly church met Tuesday afternoon at the home of Mrs. Geneva Kennedy, of 1004 Eleventh street. After a business session a very enjoyable social hour was enjoyed by the forty who were present. Delicious refreshments were served by Mrs. W. R. Kennedy, Mrs. R. F. Lockwood, Mrs. E. A. Kirk, and Mrs. M. E. Moore.

Miss Garnet Morgan delightfully entertained the C. A. C. Club with a Valentine party at her home on John street last evening. The evening was spent in singing and dancing, after which the girls were ushered into the dining room, which was decorated in keeping with the Valentine season. A large cake in the shape of a heart, centered the dining table. Dainty hearts were used as place cards. A three course lunch was served to the Misses Ruth Dixon, Norma King, Elizabeth King, Alma Kirch, Marie Taylor and the charming host, Miss Garnet Morgan.

Mr. and Mrs. E. L. Hawkins of Columbus are visiting Portsmouth relatives and friends.

The hospitable home of Mrs. Alice Farmer was the scene of much merriment last evening when her granddaughter, Leah Rosemary Valentine, entertained a crowd of young folks with a Valentine party. The rooms were decorated in keeping with the season, and the table was lavishly decorated with red carnations and ferns. Games, music and dancing furnished much pleasure for those present. A delicious course was served by Mrs. Alice Farmer, Miss Nell Clemons and Miss Myrtle Farmer. Those present were Mrs. Clark Richmond, Rex Vincent, Robert Cropper, Albert J. Jones, James Higgs and Alva Lambert; Misses Lora Brierley, Ruth York, Bethel Scott, Brook Sisco, Virginia Phillips, Katherine Williams and the hostess, Leah Rosemary Valentine.

The Art Circle will meet next Thursday afternoon at the home of Mrs. J. Frost Davis on Fifth street.

The ball room of the Winter Garden was the scene of a delightful affair last night when the members of the Knights of Columbus, their wives and lady friends enjoyed a Valentine dance. The decorations were in keeping with the Valentine season and the music was furnished by Davidson's famous Winter Garden Orchestra. During the intermission a buffet lunch was served.

Those present included Misses Virginia McMahon, Mary Deconnot, Gertrude Lang, Clara Gougenbacher, Jane Snyder, Elizabeth Seidel, Anna Wolfe, Jennie Steahly, Sarah Hilderbrand, Agnes Seidel, Mary Elizabeth Stephenson, Clara Crumston, Elizabeth Orlett, Lomelia Stokes, Margaret Compilment, Wilma Justice, Evelyn Gilliam, Mary Margaret Wellman, Thelma Wegman, Katherine Miller, Margaret Miller and Miss Margaret Hackett of Jackson, Ohio.

Program At The Y. M. C. A. Tonight

A program of musical excellence will be rendered at the Railroad Y. M. C. A. this evening at 8:30 o'clock, consisting of songs by the Male Quartette of the First Christian Church, and a short talk by Mr. Willie Young, Associate Pastor of the Second Presbyterian Church. Mr. Young will also give several readings in his own inimitable style.

The attendance at these neighborhood meetings has been steadily growing, about two hundred people attending the Lincoln illustrated lecture last evening. There is always provided some special attraction in addition to the talk, and the short informal service is thoroughly appreciated by the Terminal folks.

The public is cordially invited to attend.

The Washington conference doesn't seem to have mended China.—Forbes Magazine.

Is this the Third Influenza Wave?

Is the type of heavy cold now prevalent a true influenza? Doctors disagree.

It will be remembered that after the terrible epidemics of 1918 and 1919, it was predicted that "waves" of influenza would recur, milder each time, until humanity should have acquired immunity against the disease.

Science has not yet found the germ, nor medicine the cure. But we have learned better how to avoid influenza, grip and pneumonia.

The value of Vicks as an aid in preventing these diseases is explained below.

Avoid Influenza---Grip---Pneumonia

Apply Vicks to help avoid infection.
Use Vicks at the first sign of an oncoming cold.

MOST medical authorities now agree that Colds, Grip, Influenza and Pneumonia are all germ diseases—most commonly spread by breathing in the germs. If the system is in good shape—the membrane of the air passages in a healthy condition—these germs do not breed.

In fact the germs of all of these diseases are frequently found in perfectly healthy persons. It is only when the bodily resistance is lowered—as by a cold for instance—that they are able to harm us.

Attack a Cold Immediately

When you feel a cold coming on, go right home. Take a laxative. Make some hot lemonade, then take a hot bath—as hot as you can stand. Stay in the tub 30 minutes, sipping slowly several glasses of the lemonade. Get into bed, with a hot water bottle at your feet, and pile on blankets. After an hour's sweat, dry thoroughly with a rough towel, apply Vicks over throat and chest, rub in well until the skin is red, and then spread on thickly and cover with one or two thicknesses of hot flannel cloth. Get into bed again between dry sheets. Leave the bedclothing loose about the neck, like a funnel, so that the rising vapors may be freely inhaled. It is an obstinate cold, indeed, that will resist such treatment. If it does, call a physician.

Acts Two Ways At Once

Vicks is of benefit in cold troubles in two ways. 1st—It is absorbed thru and stimulates the skin, thus helping to relieve the soreness, loosen the phlegm and make the breathing less difficult. 2nd—At the same time the ingredients, released as vapors by the body heat, are taken with each breath directly into the congested, inflamed air passages.

A Vapor Lamp in Salve Form

Vicks is the discovery of Mr. L. Richardson, a North Carolina druggist. He realized that cold troubles were affections of the respiratory organs and that the only way to get medication direct to these parts was in the form of vapors. Mr. Richardson finally worked out the process for making Vicks, so made that the body heat

Opposed to Bacteria

The ingredients of Vicks are not only antiseptic, but rubefacient—that is, they "unstop" the blood to the tissues where applied and this free blood circulation is nature's best method of repelling germ infection. Also Vicks spreads a protective film over the membrane and furthermore is opposed to the growth of bacteria. In short, we believe you have a much better chance to avoid infection by these numerous germs if you have Vicks in your nose.

Avoid Sneezers and Coughers

It is best to keep away from the sneezers and coughers in the street cars and public places, or if you must meet them, insert some Vicks in the nostrils before you start out. On returning home, melt a little Vicks in a tin cup or a spoon and inhale the vapors.

Adopt the DIRECT treatment for all cold troubles

ABSORBED, like a liniment, and, at the same time, INHALED, as a vapor, Vicks reaches immediately the congested, inflamed air passages.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

SIAS IS FOUND NOT GUILTY

Jerry Sias, housepainter of South Point, Lawrence county, was found not guilty of a first degree murder charge by a jury in the Lawrence county common pleas court Tuesday.

Sias, it was alleged, killed Arthur Laken, log tender, near Cattletown, on the night of November 4, the body of Laken being found the following morning in a skiff at Greemp.

Laken had died of a bullet wound in the stomach.

At that time it was claimed that Laken went to the houseboat to get his brother and that in a fight which ensued Arthur Laken was killed.

No evidence was forthcoming yesterday that showed Sias fired the shot that killed Laken, and the jury was out only one hour while it reached a decision.

According to Sias's story, three men were on his houseboat when he returned to it the night of November 4 and that in a fight which took place around the boat he was badly used up.

There was considerable interest in the trial and the court room was crowded while the murder trial was in session.

Consult Your Physician: Take No Chance

Death Toll From Colds Rapidly Increasing Everywhere—Germs Multiply By The Millions—Great Danger From Pneumonia

Health authorities and medical clubs warn the public that the common cold is a deadly menace to life. Every year millions of people die from colds. In many instances they overcome the vital resistance and great danger from pneumonia and lung fever. Every sensible person should upon the first sign of a hot flash, followed by a chill, or a stubborn chest or throat sore, consult a physician at once.

One of the most effective home treatments and which is today used by millions of people is to take a steamy hot bath of Eucalyptus. This hot bath will purify and strengthen the weak blood, stimulate the inactive kidneys and cast the stagnant poisons from the blood and intestinal tract. The rich juices lowered from the plants, roots, barks, leaves, berries and flowers that comprise Eucalyptus Blood Tea permeate the whole system and are wonderfully healthful.—Advertisement.

releases the volatile ingredients in the form of vapors. Vicks really is "a vapor lamp in salve form."

The Ingredients of Vicks

Since the dawn of history mankind has been searching nature for remedies against cold troubles. The knowledge gained thru a thousand years has come down to us today. Vicks contains the best known remedies for these troubles, some of them of great antiquity. Menthol, for instance, comes from Oil of Peppermint which was grown in Egypt three thousand years ago and whose virtues are described in the old Icelandic books of the 13th century.

The highest authority on drugs and their uses is the U. S. Dispensary. We give below a few extracts from the Dispensary on some of the ingredients in Vicks.

MENTHOL—"It is actively anti-bacterial. It is employed for its antiseptic and anesthetic influence in coryza, pharyngitis and laryngitis."

CAMPHOR—"Has a peculiar and agreeable effect on the mucous membrane—relieves congestion and inflammation—is a powerful stimulant to the respiratory centers."

OIL OF EUCALYPTUS—"Germicidal; antiseptic and stimulant—largely used in chronic bronchitis and infections of the upper respiratory tract—its vapors are very efficient."

OIL OF THYME—"This drug is a powerful antiseptic with wonderful healing properties, especially in congestion and catarrhal conditions of the nose and throat."

OIL OF TURPENTINE—"Its vapors are an excellent remedy for, and highly beneficial in, various forms of bronchial and lung troubles—has powerful healing, antiseptic properties."

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rashes, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—advertisement.

ERSKINE DALE PIONEER

by JOHN FOX Jr.

Copyright 1920 by
John Fox Jr.

BEGIN HERE TODAY

White Arrow, a boy of fifteen, escapes from the Shawnee Indians, by whom he has been rescued, and takes refuge in a settler's cabin in the "dark and bloody" ground of pre-Revolutionary Kentucky. He states that he was captured in infancy and that his mother, taken prisoner with him, was killed.

The Indians attack the fort and a Virginian, mortally wounded, recognizes White Arrow as his son. White Arrow's real name is Erskine Dale. Dale, a pioneer, acts as guide and sends Erskine to Red Oaks, the great Dale plantation on the River James. Erskine is kindly received by his father's younger brother, Colonel Dale, and by his cousins, Barbara and Harry.

GO ON WITH THE STORY
"I wish you'd come along," Barbara laughed.

"I wouldn't like to lose my hair," "I'll watch out for that," said the boy with such confident gravity that Barbara turned to look at him.

"I believe you would," she murmured.

Everybody had gathered for the noonday dinner when they swung around the great trees and up to the back porch. Just as they were starting in the Kentucky boy gave a cry and darted down the path. A towering figure in coonskin cap and hunter's garb was halted at the sundial and looked toward them.

They saw the tall stranger stare wonderingly at the boy and throw back his head and laugh. Then the two came on together. The boy was still flushed but the hunter's face was grave.

"This is Dave," said the boy simply.

"Dave Vandell," added the stranger, smiling and taking off his cap. "I've been at Williamsburg to register some lands and I thought I'd come and see how this young man is getting along."

Colonel Dale went quickly to meet him with stretched hand.

That night the subject of Hugh and Harry going back home with the two Kentuckians was brought to Colonel Dale, and to the wondering delight of the two boys both fathers seemed to consider it favorably.

The boy piled Dave with questions about the people in the wilderness and passed to sleep. Dave lay awake a long time thinking that war was sure to come. They were Americans now, said Colonel Dale—not Virginians, just as nearly a century later the same people were to say: "We are not Americans now—we are Virginians."

Home-made, but Has No
Equal For Coughs

Makes a family supply of really
dependable cough medicine. Easy
to prepare. Cures almost all coughs.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficulty breathing, or if your child wakes up during the night with cough and you want quick help, try this reliable old home-made cough remedy. Any drug store, instead of sugar syrup, or corn syrup, use Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really a cough-buster. There is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe cough, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "25¢ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

possible, snatched his knife from his belt. He heard a cry of surprise and horror from Hugh and a huge hand caught his upraised wrist. "Put it back!" said Dave sternly. "The dazed boy obeyed and Dave led him upstairs."

VIII
NEXT morning, when the party started back to Red Oaks, Erskine felt a difference in the atmosphere that made him uneasy. Barbara alone seemed unchanged, and he was quick to guess that she had not been told of the incident.

Dave had made no explanation or excuse for his young friend, but he soon made up his mind that it would be wise to offer the best explanation: That the lad knew no better, had not yet had the chance to learn, and on the rage of impulse had acted just as he would have done among the Indians, whose code alone he knew.

The mystery was explained when Barbara told how the boy, too, must have overheard Hugh.

"He's hurt," said Dave, "and he's gone home."

"Why, he'll starve." "He could get there on roots and herbs and wild honey, but he'll have fresh meat every day. Still, I'll have to try to overtake him."

He went to get ready for the journey. Two minutes later Hugh and Harry rushed joyously to his room.

"We're going with you!" they cried, and Dave was greatly pleased. An hour later all were ready, and at the last moment Harry was let in, saddled and bridled, and with a leading halter around his neck.

"Harry," said Colonel Dale, "carry your cousin my apologies and give him freely on condition that he ride him back some day. Tell him this home is his"—the speaker halted, but went on gravely and firmly—"wherever he pleases."

"And give him my love," said Barbara, holding back her tears.

At that hour the boy far over in the wilderness ahead of them had cooked a squirrel that he had shot for his breakfast and was gnawing it to the bones. Soon he rose and started on toward his home beyond the Cumberland. And with him, etched with acid on the steel of his brain, sped two images—Barbara's face as he last saw it and the face of young Dave Grey.

(Continued in Our Next Issue)

IT WAS A MERRY CAVALCADE THAT SWUNG AROUND THE GREAT OAKS.

The matter came to a head shortly after their arrival. The boy was standing behind the box-hedge near the steps and Barbara had just appeared in the doorway.

"Well, what was the trouble?" Colonel Dale asked.

"He tried to stab Grey unarmed."

Addition To Hempstead Hospital Recommended By Mayor

Presenting it as a business proposition, Mayor W. N. Gableman submitted to the city council at its regular session Wednesday night a strong recommendation for the building of an addition to Hempstead Hospital at an estimated cost of \$65,000.

The mayor declared he was firm in the conviction that the present hospital arrangement is wrong and he presented figures in support of his statement in this connection, together with plans for financing the cost of the proposed addition, which, he said, would double the present capacity of the institution with the addition of thirty-two pay beds, which he claimed would more than double the income and at the same time allow the caring for all charity patients. He asserted that thirty per cent would be a very conservative estimate of the increased overhead expense and declared that if the plans were carried out it would result in placing the institution in the front ranks and a credit to the city.

The recommendations made by the mayor have been approved by numerous city officials and a large number of physicians and surgeons of the city and their endorsements accompanied the communication which was referred to the hospital committee together with a detailed statement and comprehensive financial statement showing the cost of operating the hospital during 1921 submitted by Safety Director St. Straus.

The communication from the mayor and safety director are given below in full.

Portsmouth, O., Feb. 15, 1922.
Mr. President and Members of Council:

In my annual message to your honorable body at the first regular meeting this year, I stated that our hospital problem could present material for an extended communication. On January 1st, 1920 there were 42 beds at Hempstead Hospital. Ten of these were in private rooms and thirty-two were in four wards. Early in 1920 four beds were added by enclosing the veranda and since that time we have had fourteen private beds and thirty-two in the wards, a total of forty-six beds.

The rates have been adjusted from time to time for the reason that the earnings from the pay patients with the tax money added must pay the expenses of operating the hospital. In the 1920 report of the hospital the Director of Public Safety made the following statement:

"I realize that the present city hospital is inadequate for a city the size of Portsmouth, and I am confident as I have stated to you gentlemen before that the city could operate a large hospital. As I have stated, the 1920 showing of our hospital is the result of co-operation of everyone who has to do with its management. I am satisfied that should the hospital receive in the future the attention it has received in 1920 the city could take care of its charity patients out of earnings, said earnings to be the result of reasonable charges and intelligent buying and management, without making a tax levy for charity hospital patients."

During the last administration the proposition for an addition to Hempstead Hospital was put to a vote. This proposition carried by a big majority but lacked a few votes of having a necessary two-thirds vote required under the statutes.

I repeat here what I stated in my annual message this year relative to our hospital. There is no question but that a city of this size is under obligation to its people to provide adequate hospital facilities and at reasonable rates, and mentioned three alternatives.

First—Build a larger hospital and care for all who apply both pay patients and indigents.

Second—Restrict the present institution to charity patients alone and support it by direct taxation.

Third—Sell the hospital and contract with a privately owned hospital for the care of those persons who are unable to pay anything.

The more study I give to this subject the firmer is my conviction that the present hospital arrangement is wrong. This report for 1921 will be presented to you this evening. This report together with an exhaustive survey of the financial transactions of the hospital extending over the period from January 1st, 1919 to January 1st, 1922 only strengthens the recommendation I have made to

your honorable body, viz: That the city enlarge the present hospital and care for all who apply both pay patients and indigents.

If we continue to operate our hospital under the present arrangement and pay the cost of operation from the earnings of fourteen beds and taxes, the rates charged for these beds will be such that they can be classed as unreasonable or the tax levy must be made larger.

During the year, 1921, the 20 physicians of the city who practice at Hempstead Hospital formed an association which is styled "The Hempstead Hospital Medical and Surgical Staff." In company with the Director of Public Safety I have attended many committee meetings of this association as well as several meetings of the entire staff. The five co-operation we have had with the members of this organization is in a large measure responsible for the splendid report of 1921.

The first financial hospital report of the hospital was the one of 1919 submitted in council early in 1920. A detailed report of 1920 was submitted early last year and the 1921 report has been completed.

In the past I have not made a recommendation to Council involving the expenditure of money without giving the financial end earnest consideration and I am making no exception in this case. The estimated cost of a proposed addition to Hempstead Hospital is \$65,000.

Total	\$284,780.08	\$48,593.52	\$333,373.60

As shown in table 2 the total receipts for the three years aggregated \$804,492.52. Total number of patient days 24,461. Average income per patient \$33.32. Table 3 shows the total cost \$812,724.00 per capita daily cost \$33.22. So that the hospital actually earned the difference between \$33.32 and \$33.22 or \$0.10 per day on every patient. The total number of charity days 4,055 multiplied by \$33.22 per capita daily cost amounts to \$135,450.00. The receipts from taxes were \$13,464.96 which was a loss of \$950.54. The hospital therefore took care of this loss and earned \$521,932.52 in the three years.

Year	Pay	Other	Total

Per capita daily income from pay patients and taxes \$33.51
Per capita daily cost, all patients \$33.44

standard Hospital is \$65,000. This amount is of course subject to change when plans and estimates are submitted. The proposed addition will triple the present capacity of the hospital.

Included in this communication is a condensed financial report for the years 1919-20-21 together with the plan for financing the cost of the addition, based on a \$65,000 bond issue.

Knowing in advance that this communication will be referred to the Hospital Committee of Council for investigation in report I have had copies made for the use of the members of this committee and also a copy for the other members of Council, for this proposition should receive the careful consideration of every member.

This recommendation has the approval of the Mayor, Director of Public Safety and the entire membership of Hempstead Staff and their signatures are attached hereto.

The report of 1919 disclosed the fact that when we divided the total receipts from pay patients, \$104,966.02 by 6,612 number of pay patients days we received \$25.00 per day. The number of patient days both charity and pay in 1919 was 7,226, and the cost of operation \$22,770.91, which made a per capita daily cost of \$3.15. We therefore, lost \$0.33 per day on pay patients.

A readjustment of rates and the

addition of four beds in the veranda ward brought our per capita daily receipt from pay patients up to \$33.32 against a daily cost of \$33.22 and we therefore earned \$0.10 per day on pay patients.

In 1921 with almost double the charity patient days over the combined charity of 1919 and 1920, a labor pay roll but \$1,889.81 less than the combined pay rolls of 1919-20 and 1,672 less pay patient days than in 1919 and 3,314 less pay patient days than in 1920 or per capita daily income on pay patients was \$1.58 while our per capita daily costs was \$3.48.

Pay Patients—Income
1919—6,612 days, \$19,496.02, \$2.95 per day.
1920—8,254 days, \$20,845.54, \$2.65 per day.
1921—6,340 days, \$23,673.30, \$3.73 per day.

All Patients—Disbursements
1919—7,226 days, \$23,770.91, \$3.28 per day.
1920—9,066 days, \$29,770.91, \$3.28 per day.
1921—7,929 days, \$27,624.62, \$3.48 per day.

It can be readily noted from the foregoing that if the operation costs of the hospital must be met by earnings, as the number of charity patients increase the rates for private beds at the hospital which earn this money become higher.

We do not believe, however, that the 1919 report should be even included in this recommendation. The report of this year in itself is proof enough for the statement that the year 1919 was one of reckless and careless management. The following is a condensed report of the years 1920-21 and the consideration that Council gives this proposition should be based upon this two year period. 1920 was the peak year in the history of the hospital and 1921 can be said to have been a poor year insofar as it concerns charity patients and income from pay patients.

Year	PAY	CHARITY	Total
1920	790	60	850
1921	573	158	731
Total	1,363	218	1,581

Total	\$445,194.84	\$8,697.97	\$453,892.81

The proposed addition adds thirty-two beds, an additional operating room besides other conveniences. The addition of these rooms would triple our present earning capacity providing they were filled. The average rate in our present private rooms is \$55.00 per week. We have shown that the average income for the three year period was \$4.00 per day or \$28.00 per week from pay patients. Assuming that we would average for the next few years the doubling of our present pay patient business, 30 percent would be a very conservative estimate of the increased overhead expense. Our per capita daily income from pay patients would increase and our per capita daily cost would decrease to the extent that our net income more than double. We will continue in the future as we have in the past to take care of all the charity who apply at less per capita daily cost than at present.

We are now levying \$0.005 which levy on our present tax duplicate brings \$32.57. We should raise this levy for the next two years whether this addition is built or not to \$0.01 which would bring \$32.70 which amount would be sufficient to take care of our charity at the present cost.

Year	Bond Payment	Interest	Total

July 1, 1937	\$2,000.00	\$200.00	\$2,200.00

The rates would be made at the hospital at the start \$35.00 per week for the new rooms which is the present charge for the ten rooms we now have. We would then have forty-two rooms at \$35.00 per week and four on the veranda at \$20.00 per week. This would give us an income of \$7.00 per week on each of the forty-two rooms and eight dollars per week for the veranda more than our present charge for the ten rooms we now have. We would then have forty-two rooms at \$25.00 per week and four on the veranda at \$20.00 per week. This would give us an income of \$7.00 per week on each of the forty-two rooms and eight dollars per week for the veranda more than our present weekly income from pay patients. An average therefore of twenty-five patients in the private rooms would give us an extra income of \$175.00 per week more than our present average income per room. This would total \$1010.00 per year in addition to the net earnings of the hospital.

There is no question that if this addition is made to Hempstead Hospital and such a financial program adopted it would be but a short time until the hospital would reduce its rates, pay off its own bonds and take care of the charity patients with the surplus.

Under the foregoing plan there would be a transfer annually from the hospital fund to the sinking fund of sufficient funds to meet the bond and interest payments.

If we use the two year period

Feel Stiff and Achy After Every Cold?

Do You Have Constant Backache? Feel Old and Lame and Suffer Sharp, Rheumatic Pains? Then Look to your Kidneys!

DOES every cold, chill or attack of grip leave you worn-out and utterly miserable? Do you feel old and lame, stiff and rheumatic? Does your back ache with a dull, unceasing throb, until it seems you just can't stand it any longer? Then look to your kidneys! Grip, colds and chills are mighty hard on the kidneys. They fill the blood with poisons and impurities that the kidneys must filter off. The kidneys weaken under this rush of new work; become congested and inflamed.

It's little wonder, then, that every cold leaves you with torturing backache, rheumatic pains, headaches, dizziness and annoying bladder irregularities.

But don't worry! Simply realize that your kidneys are overworked at such times and need assistance. Get a box of Doan's Kidney Pills and give your weakened kidneys the help they need. Assist them, also, by drinking pure water freely, eating lightly and getting plenty of fresh air and rest. Doan's Kidney Pills have helped thousands and should help you. Ask your neighbor!

"Use Doan's," Say These Portsmouth Folks

V. V. Crawford, blacksmith, 211 Madison street, says: "My back became weak and gave out. It was almost impossible to stoop or lift for when I did I got sharp, cutting pains in the small of my back and my back was lashed up. My limbs pained me. My kidneys were weak and acted too freely, causing me to get up at night. I read of Doan's Kidney Pills and got some at J. F. Davis Drug Co., and they relieved the trouble. I occasionally use Doan's to keep my kidneys healthy."

Mrs. Mary Dods, 821 Murray St., says: "My back gave me trouble, due to the weakness of my kidneys. When about my housework I got twinges through the small of my back, dizziness came on me and little black spots jumped before my eyes. My kidneys were disordered and acted too frequently. Doctors said the trouble was from gall stones. After using Doan's Kidney Pills the pain was relieved and the gravel trouble was cured before it became serious. Doan's cured me of the back weakness, also."

This foregoing statement is for the purpose of showing that while our actual cash balance was \$2,055.30 Jan. 1st, this year, whereas this balance was \$10,879.31 Jan. 1st, 1921, we spent during the year \$5,598.45 for permanent improvements, had on hand \$1,200.00 in supplies paid for. These amounts added to our actual cash balance of \$2,055.30 total \$8,852.84 which leaves a difference of \$2,025.47 the actual cash loss in hospital operation for the year. The increased pay roll of employees in 1921 over 1920 totaled \$2,675.82 which is approximately \$50.00 more than our actual loss. This was due to the fact that it was impossible to secure student nurses until late in the year, making it necessary to use graduate nurses.

The hospital has recently been registered. We have at the present time seven student nurses which will result in a big reduction in our pay roll this year as compared with 1921. Balance Jan. 1, 1921, \$10,879.31

The hospital had 573 pay patients total 4940 days and 158 charity patients, total 7929 days. We collected \$22,637.20 from pay patients which made the average daily charge \$4.58. The cost of operation has been computed by adding the pay roll and the actual operating expenses and does not include the inventory or the amount paid up for permanent improvements. This leaves \$27,624.62. Dividing this amount by 7929, which includes both charity and pay patients, we find \$3.48 to be the per capita daily cost.

Adding the receipts from pay patients and the receipts from taxes our total receipts were \$239,376.49. Dividing this amount by 7929 we have the per capita daily receipt from all patients which is \$3.02. The loss per day per patient was therefore \$0.26. The hospital earned \$7,452.47 on the pay patients during the year and the actual cost of the charity was \$10,201.72, as there were 2383 charity days at a per capita cost of \$4.28 per day. Against this loss we charge the tax receipts \$2,937.19 which makes our actual loss on charity patients \$7,452.47.

In other words, had the hospital been conducted as a private institution and the city had an agreement

to have its charity treated at cost we would have had a hospital bill for the year amounting to \$10,201.72; we lost \$2,025.47 of a cash balance and our tax money \$2,675.19. These amounts total \$14,822.08 and this amount deducted from \$10,201.72 leaves \$5,420.36, which is the actual profit to the city of the hospital for 1921.

When we consider that the hospital had 38 more charity patients, 1937 more charity patient days, \$2,675.82 more on our pay roll in 1921 than in 1920 and in spite of this saved the city \$5,420.36, it is my opinion that the members of this council will agree with me that there has been efficient management in the hospital's affairs.

Our charity work is clear out of proportion in comparison with our present earning capacity from pay patients and present tax receipts. I do not feel justified in making or imposing a rather larger rate on those able to pay but this must be

done or an increased levy be made, in our tax rate for the hospital. My recommendation would be an addition to the hospital. I have worked with the mayor and the physicians who practice at Hempstead Hospital on the subject and I am satisfied beyond any question of doubt that an increase in the number of private rooms at our hospital will agree with the mayor in his report, as we have worked this out together. There are many matters of interest to which I could call to your attention and I would do so if it were not for the fact that it would be a repetition of what is embodied in the mayor's communication to your honorable body on this date.

Respectfully submitted,
ST. STRAUS,
Director of Public Safety.

The recommendations of the Mayor were referred to the hospital committee along with the financial report of the condition for 1921 presented by Safety Director St. Straus.

Controversy Settled, Separation Of Offices Sanctioned By Council; New Building Needed

Council at its regular session Wednesday night, settled the controversy which arose several days ago, through a demand made by Treasurer A. J. Fuller to separate the offices of the city treasurer and the water rent collector, by adopting the recommendations contained in the report of the public property committee, which provides for the removal of the city treasurer to the quarters now

occupied by the plumbing inspector, and sends the latter official to share office room in the mayor's office at police headquarters, leaving the water collection department in the offices where it has been located for many years.

The demand for a separation of the offices followed on the heels of the appointment of John R. Lynn as water rent collector, which position Mr. Fuller had filled, together with his duties as city treasurer. The change will be made as soon as alterations are made, and the sum of \$250 was voted to make the necessary repairs to the room which the treasurer will occupy.

The committee's report in its report that the city has not suitable and convenient rooms for the transaction of its business and recommends that some action be taken to construct a city building in keeping with the dignity of the city. The report in full follows:

"Your committee to which was re-

ferred the matter of locating a room for the Water Works Collector and for the Treasurer beg to report as follows:

1st. That the room now occupied by the City Treasurer be designated and allotted to the Water Works Collector to be used by him for office purposes.

2nd. That the room now used as the mayor's office be jointly occupied by the plumbing inspector for office purposes.

**Oxidaze for Coughs
Colds, Br. Asthma**

Years of study and observation convinced him it would safely, quickly and surely stop bad coughs and give instant relief in Bronchial Asthma. Money back if it fails. Guaranteed harmless. All druggists. Wurster Brothers, Fisher & Streich can supply you.

3rd. That the room now occupied by the Plumbing Inspector be remodeled by purchasing a cage, bars, grating for the windows and moving the counter in the present Treasurer's Office "in" twelve (12) inches, at a probable cost of \$150 and also recommend the purchase of a fire proof safe for the treasurer's office at a cost not to exceed \$400.

It is sad indeed for your committee to be unable to find any suitable or convenient room for the transaction of its business. Plenty of buildings and plenty of ground and yet not adaptable to present requirements. We do not favor the expenditure of much money on present structures but deem it advisable to recommend that some action be taken to construct a city building in keeping with the dignity of our fair city.

Respectfully Submitted,

The recommendation of the board of control to employ the firm of Pierce, Greeley & Hanson, Chicago, sanitary engineers, to prepare contract plans and estimates for the entire sewer program recommended in the recent sewer survey, was referred to the street committee.

Attorney T. C. Anderson, an executor, sought in a communication addressed to council, authority to pay to the proper city officials the sum of \$200 left under the will of the late Lydia Williams, who died at her home on Washington street in October, 1920, in trust to be safely invested and the net annual income to be used and applied to the care of graves in the family burial lot in Greenlawn cemetery. The communication was referred to the solicitor.

After a petition signed by Alan N. Jordan and 150 other business men and citizens, urging the keeping of the C. & O. ferry landing at its present location and appealing for repairs to the grade and approaches to the landing, was read it was referred to the proper committee and then member Diener, chairman of the public landings committee, stated that he had been advised that C. & O. officials had abandoned the plan of moving the ferry landing to the foot of Chillicothe street.

Attorney C. M. Seard addressed council in the interest of the Vulcan Last Company, in respect to a lease on a strip of city property situated on the south side of the flood wall on West Front street, which the firm is desirous of acquiring in order to extending its present building

eastward. He urged favorable action pointing out that the industry was one of the growing manufacturing concerns of the city, one of the few which had not been affected by the general business depression. The matter was referred to the public property committee for investigation and report.

A communication was read from Engineer Wilhelm in which he requested the purchase of an automobile for use of the engineering department. It was referred to the public property committee.

The law and claims committee submitted a report disallowing the claim of the American Steam Laundry Co. for damages growing out of a collision between their truck and city fire equipment several months ago.

The sum of \$400 was voted to constitute a board walk at the "Narrow" near Sciotoville and a resolution was adopted transferring \$2000 from the general fund to the service fund.

On motion of member Westphal the engineer was ordered to prepare estimates and plans for the widening of Chillicothe street, Kinney's Lane to the Boulevard, and to provide sidewalks.

11 ABOVE

While the thermometers registered lower marks on two previous occasions during the winter, it was rather cool and arid Thursday morning when the mercury skidded down to 11 degrees above zero point. The coldest weather recorded here during the present winter was 8 above zero and at another time 10 above was recorded.

THEATRICAL

Famous Magician Coming Here Soon

The management of the Sun Theatre takes great pleasure in offering the local theatre going public the finest and most wonderful attraction of its kind now touring America, when Richards, "The Wizard," brings his big show of a thousand wonders here for one week, starting Monday, Feb. 20, as press and public from coast to coast in the largest cities claim Richards is the greatest magician of the present day, for not only is he a great artist, but he has surrounded himself with a big production, which, with its lavish outlay of money in scenery, costumes and elaborate effects, rivals many of the best three dollar Opera and Musical attractions. A solid seventy-foot cartoon of amazing wonders are carried with the Richards production, with variety, snap, action and clean comedy.

Bids Excessive

CHICAGO, Feb. 16.—Construction of the world's largest public stadium, in Grant park here, will be delayed this spring because of excessive bids; members of the South Park board announced today. Fourteen bids; all in excess of \$4,500,000, were rejected. The plans will be modified to permit cheaper construction. It was stated, but according to John E. Foster, superintendent, this will not result in altering the size.

Sciotoville Wins

In the Wheelersburg gym last night the Sciotoville second team and the Wheelersburg second team played an 18 to 15 game, with the Sciotoville team winning. The extra five minute periods were necessary to decide the victory. The score at the end of the regular time was 14 to 14. The next five minutes did not see any scores recorded and another five minutes was allowed. Then the score went to 15-15, but before the five minutes was up Sciotoville scored three more points.

Though the robin red breast may be delinquent in officially ushering in Spring,—the new season's fashions have arrived, and have built their nest at this store. Like budding flowers unfolding, they reveal the new modes in all their captivating moods and fancies, replete with vivid color expressions, typical of a season that promises to be one of rare beauty and brilliancy. It is indeed an impressive presentation, one too magnificent and extensive in scope to attempt description. So we bid you welcome to a fashion showing that will prove not only an inspiring sight, but one of great educational value as to what is correct in wear for Spring, 1922.

Spring Dresses, Beautiful Fabrics, Latest Styles

With new fabrics, charming designs and modes up to the minute we see on every hand the approach of spring. The fascinating colors, the beautiful assortments of patterns—all herald that delightful season.

We have spared no expense in procuring new and attractive color effects. Offered for appropriate spring wear are these dresses of original creation in desirable materials and fine qualities.

Priced from \$15.00 to \$75.00.

Women's Suits That Reflect The New Style Tendencies

Cleverly designed and exquisitely trimmed spring suits, made from finest materials, are featured in our New Spring Styles. These suits are the result of skilled workmanship. Each model in our selection has that exclusive appearance of fashionable design so well marked in fine tailoring. All our spring suits embody newest whims and are carefully priced to come within the reach of moderate pocketbooks.

Priced from \$25.00 to \$75.00.

The Final New Touch In Spring Wraps

With Spring at the threshold and the need for a light wrap urgent, Marting's leadership is evidenced once more, by its styles so many and so varied. There is much to tell and space so utterly limited that comment must be brief. Wrap styles have emerged from the vague to the definite and are to be seen here in their entirety—correct in every line, whether it be novel or plain.

Priced from \$15.00 to \$25.00.

Hats That Tell Of The New Modes

These hats confirm all traditions of how clever and ingenious the French are in designing hats. The collections we are showing include hats of every type. Noticeable are fine straws, metal-edged ribbons and exquisite flowers—carrying a distinct air of Parisian smartness.

A wonderful group of Sailors, Chin Chins, Turbans and Tricorns—in all new shapes and colors.

What Authority Has The Church?

Is there a nation, a state, an organization without some authority? Do you think that Christ would found his Church and leave it without authority? The Church has authority from Christ. He gave her the same authority which he possessed: "As the Father hath sent me, I also send you." John 31. He appointed some to teach, and govern; He insisted that others hear and obey. Luke 2:16.

THE MARKETS

NEW YORK STOCKS

NEW YORK, Feb. 16.—Contrary to
general expectations, lowering of the
Bank of England discount rate was
without visible influence upon prices
at the opening of today's stock mar-
ket. Gains and losses were evenly
distributed. With the exception of
American Locomotive which broke
1 1/2 points on the first transaction
changes were limited to fractions.
The list developed a firmer tone with-
in the first half hour on buying of
leading oils and shipbuilders, especially
Mexican Petroleum and Mercantile
Marine preferred and American In-
ternational.

Call money was plentiful at four
per cent the lowest initial rate in
several weeks regardless of heavy
withdrawal of government deposits
from local banks. Alternate re-
actions and recoveries occurred in lead-
ing stocks during the morning. Motors
and selected specialties being most er-
atic. American Ice fell 1 1/4 points
but were quickly recovered. Stude-
baker, Chrysler and Pierce-Arrow
were under pressure as the result of
reports of further cuts in the automo-
bile trade. Buying of seasoned rails
especially Southern Pacific, Atchafalpa
and Reading, stabilized prices again
at noon.

After equalizing or surpassing all
previous high prices this season, the
wheat market today underwent a de-
cided setback, general eagerness to
purchase having dropped off at least
for the time being and would-be sell-
ers becoming plentiful.

The corn market closed nervous, as
same as yesterday's finish to be
higher, with a net at 63 1/2¢ to 63 3/4¢.
Further ease in money rates here
and abroad and the trend of develop-
ments at Washington again favored
the constructive side in the stock
market today. Sales approximated
775,000 shares.

The closing was irregular.

Chicago Grain

CHICAGO, Feb. 16.—Higher prices
here for wheat reached today
during the first part of the board
of trade session, a substantial upturn
in Liverpool quotations being a stimu-
lus to buyers. Unfavorable crop ad-
vices from the domestic winter crop
in the southwest tended also to lift
values. Profit taking sales were in
evidence, but they failed to exert
more than temporary influence, with
May 14 1/2 to 1 1/2 and July 12 1/2 to
1 1/4, were followed by a slight re-
action and then by a rise higher than
before.

Statements purporting to show that
the domestic disappearance of corn
has been at a rate much greater than
is generally assumed to be the case
gave independent strength to the
markets for corn and oats. After
opening, 3 1/2 to 3 1/4 higher. May 6 1/2
to 6 3/4, corn continued to advance.
Oats started 3 1/2 to 3 1/4 up, May 4 1/2
to 4 1/4, and then sagged a little but
recovered.

The above was unsettled 3 1/2 to
1 1/2 net lower, with May at 1 1/2 to
1 1/4 and July 1 1/2 to 1 1/4.
Provisions were sharply higher, af-
fected by the new advance in the hog
market.

MRS. HATFIELD
SABINA, OHIO
In Pitiable Condition When She Began Taking Lydia E. Pinkham's Vegetable Compound

Sabina, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and irregularity. I was weak and nervous and could hardly stand on my feet long enough to cook a meal. I was this way for about a year and had tried several medicines and had a physician, but to no avail. My sister was taking your medicine and finally induced me to try it. I now feel fine and can do my housework without any trouble at all. You can use this letter for the sake of others if you wish."—Mrs. W. H. G. HATFIELD, R. 3, Sabina, Ohio.

Housewives make a great mistake in allowing themselves to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties.

Lydia E. Pinkham's Vegetable Compound should be taken when you notice such symptoms as nervousness, headache, weakness and irregularity. It will help you and prevent more serious trouble.

COME EARLY

Hopkins, Mrs. Frank J. Baker and Miss Alice Blake.

The program will consist of a musical recitation by Harriet Elizabeth Gilmore; a recitation and dance by Mary McGuire, Mrs. Robert Knibb will give a cornet solo, and the High School Glee Club will sing several numbers. The program will close with a dance by twelve girl scouts. Miss Doris Moore will be the accompanist for the afternoon.

Mrs. Flora Bahndt was hostess at a charming luncheon yesterday afternoon at her home on Eleventh street, her guests being the members of the Eldora club. Valentine hearts, emblems and cut flowers were used in the decorations. An art basket overflowing with sweet-peas graced the center of the table and the favors were Valentine hearts. A delicious three course menu was faultlessly served and places were marked for Mrs. Henry Eichorn, Mrs. Preston Davenport and son Wayne, Mrs. W. S. Harler, Mrs. Charles Hans, Mrs. Ben Fauntleroy, Mrs. Joseph Tener and children, Katherine and Roy Royce, Mrs. John Mickelthwait, Mrs. Edward Schaefer, Mrs. William Martin, Mrs. Arthur Banfield and son Kenneth.

A large crowd is anticipated this evening at the second of a series of dances to be given by the Winter Garden Dancing Club in the Winter Garden, Gallia and Bond streets. Davidson's famous orchestra will furnish the music and an enjoyable time is promised all who attend. Sixty couples attended the first dance and a greater number is expected this evening. All members of the club and their friends are invited.

Mrs. Edward Miller entertained the members of the Good Will club yesterday afternoon at her home on Scioto Trail. The members brought baskets of good things to eat, and a picnic spread was enjoyed by Mrs. Hattie Gable, Mrs. Orville Gable and daughters, Helen and Imogene, Mrs. Nick Gable, Mrs. Herbert Bradford, Mrs. Charles Vogel, Mrs. Willard Addington and son Paul, Mrs. Arthur Johnson, Mrs. Frank Kaunose and children, Jane and Louise, Mrs. Arthur Yeager, Mrs. Carl Corbell and son, Mielke, Mrs. Hugh Noel, Mrs. William Noel, Mrs. Reese Kelsner, Mrs. Edward Miller and Miss Betty Shy.

The next meeting will be at the home of Mrs. Nick Gable.

Mr. and Mrs. Earl Hannah were tendered a pleasant surprise last evening when a number of friends called at their home, 525 Fifth street, to help them celebrate their fifteenth wedding anniversary. The evening was spent in playing 500 and at the close of the games a delicious two-course lunch was served. The table was prettily appointed and covers were laid for twenty guests. Mr. and Mrs. Hannah were presented with a dozen sherbet glasses.

Mr. and Mrs. O. M. Lykins of Sabina, Ohio, announce the birth of a son at the home of the bride's parents, Mr. and Mrs. C. M. Coggs, of 308 Gay street.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young. To do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

WOMAN FALLS ON STOVE

Miss Maria E. Keer, of the Danmar building suffered serious bruises and a possible hip fracture when she fell on a stove at her home last night. Miss Keer, who is 80 years of age, lived alone. During the night she arose and started to get a drink when she suffered a fainting spell and fell against the stove. Her cries for help brought neighbors who had to break in the door to get to her. This morning she was removed to Hempstead hospital where it was found that she suffered severe bruises. She complains of severe pains in her hip and an X-ray will be taken to determine if her hip is broken.

Sciotoville Will Represent Scioto County
The honor of representing Scioto county at the state high school basketball tournament at Ohio Wesleyan University March 2 and 4 goes to the fast Sciotoville high school boys five. S. H. S. has a well drilled team with state journey at O. W. U. this year.

Mrs. J. L. Powell of 1541 Seventh street, is visiting with friends in Georgetown, Ohio.

Mrs. W. T. Sowers welcomed the members of the Miura Kensington club yesterday afternoon at her home on Young street. Red hearts and valentine novelties were used in the decoration and at the end of a delightful afternoon the hostess served a salad and ice course to the following members: Mrs. Glen Brady and daughter Joan, Mrs. Clarence Enrich, Mrs. Arthur Link, Mrs. George Clark, Mrs. Jack Ferguson and daughter Grace Jean, Mrs. Arthur Banfield and son Kenneth, Mrs. Albert Miller and Mrs. W. T. Sowers. The next meeting will be with Mrs. Harold Vickory on Kinney's Lane.

Mrs. Eugene Dignat is ill with pneumonia at her home on Offener street.

Little Billie Brooks, who has been ill at the home of his parents, Mr. and Mrs. Ralph Brooks, is improving.

Girls To Play
At Sciotoville

Friday night in the Sciotoville high school gym the P. H. S. girls will clash with the Sciotoville H. girls for the second time this season. The game will start at eight sharp. These teams are evenly matched and a hotly contested battle is anticipated. The Sciotoville girls will use Belmont and Moore at forward, Clark at center and Sloan and Kent at guard.

PLEASED WITH FIRST WEEK'S SHOWING
"We are much pleased with the first week's showing," said W. A. Luman, chairman of the Woodrow Wilson Memorial Foundation committee, in charge of the campaign to raise Scioto county's quota of \$1,000 for the \$1,000,000 fund.

"We have done nothing more than to offer the people of this community an opportunity to help create a living monument of the national and international services which he gave so wholeheartedly. The response has been wonderful, especially when you consider that it comes from no personal solicitation, but is entirely voluntary."

"We expect the interest in this movement to increase with the second week of our local campaign," he continued.

Alkali In Soap
Bad For The Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries (the scalp), makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

Two or three teaspoonful of Mulsified in a cup of water with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which causes oil easily, removing every particle of dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified.—Advertisement.

WOMAN FALLS ON STOVE

Miss Maria E. Keer, of the Danmar building suffered serious bruises and a possible hip fracture when she fell on a stove at her home last night. Miss Keer, who is 80 years of age, lived alone. During the night she arose and started to get a drink when she suffered a fainting spell and fell against the stove.

Her cries for help brought neighbors who had to break in the door to get to her. This morning she was removed to Hempstead hospital where it was found that she suffered severe bruises. She complains of severe pains in her hip and an X-ray will be taken to determine if her hip is broken.
